Dear Parent/Carer

## STEM Training Day – 16 May 2018

We have arranged for your son/daughter to participate in a full day of STEM training. Students will be working in small, allocated groups and will be tasked with designing and constructing a speaker that can amplify sound produced by a mobile phone or MP3 player.

The training will take place at school on 16 May 2018. This is to support them in their GCSE Design and Technology course. There is no cost involved for this training. The session will run during normal lesson times and the students will be off-timetable from their normal lessons. The start and end of the day, as well as break and lunch times, remain the same. Students need to wear normal school uniform on this day.

Please complete and return the below permission slip.

If you have any queries please do not hesitate to contact me.

Yours faithfully

P Jarvinen (Miss)  
Teacher of Design and Technology
