Dear Parents/Carers

Re: Year 7-9 Design and Technology

During each school year, students will experience a minimum of two different Design Technology disciplines (Textiles/Food/ Product Design/Ceramics) producing a variety of high quality products from materials provided by the school.

Whilst we obviously do what we can to provide your children with a valuable experience on the budget allocated to us, we would be most grateful if students could make a £5 voluntary contribution towards the cost of materials. This will help students to make quality products to bring home.

Payments should be made via the SCOPAY system. If you have any queries regarding this please contact the academy finance office.

Thank you in advance for your continued support.

Yours sincerely

J Gerrard (Mrs)
Art and Technology Curriculum Leader
