Dear Parent/Carer

GCSE Food Preparation and Nutrition

As your son/daughter is currently studying the Food, Preparation & Nutrition GCSE, I would like to inform you there will not be an expectation for them to bring to school ingredients for the practical lessons. This is so we can follow COVID 19 guidelines to keep both students and staff without the need for students to bring items from home to be stored and then back home again.

We, therefore, ask for a donation of £15.00 to help cover the cost of the ingredients. This will also include most of the disposable cooking containers. Payment should be made via Scopy.

I must also point out that the use of school aprons will not be permitted during this time. We ask that your child could bring in a suitable apron to wear for these lessons.

We feel it is important that your child continues their Food education with the experience of making and cooking a variety of products to enable a broad and enjoyable education. We appreciate your support and thank you for your help to enable this to continue.

If your child is eligible for pupil premium funding might be available to help towards the cost.

Yours faithfully

K Bushell (Mrs)
Food Technology Subject Leader.
